

Tips for Water Safety (Open Water)

Texas has many bodies of water that offer opportunities to make fun family memories. Before you go to an outdoor water area, talk with your children about water safety.

- **Always** swim with a buddy — that goes for adults, too.
- **Don't** let kids of any age roughhouse in water.
- **Always** stay within the designated swimming area.
- **Don't** let kids swim in murky water or near drop-offs.
- **Always** wear a life jacket when on a boat or swimming in open water.
- **Don't** let kids swim around boats or other watercraft.
